3800 167 1839 A perfect impression. Every part of the obverse and reverse sharp, bold, and evenly struck. Brilliant proof Slight hay marks.

NOTE. A nephew of Mrs. Hunter. of Baltimore, was for years an employee of the mint. In 1839 he sent her this dollar with the injunction, to keep it, that not many were struck. It has remained in the family ever since, until placed in my hands for sale. It was inherited by a neice, who, in reading of the value of rare coins in a newspaper a few weeks ago, found that she had a valuable piece. There has been a great deal of criticism indulged in recently, (and very justly too, no doubt,) in regard to the reproduction of rare U. S. coins. This 1839 dollar possesses the merit of being an original impression. The facts, as given above, will no doubt be appreciated by those wishing to send biddings.
